- Interstate
- - - Under Construction
- == US Route
- NC Route

AADT changed less than ten percent between 2004-2010

AADT increased more than ten percent between 2004-2010

Traffic counts are collected by the NCDOT Transportation Planning Branch-Traffic Survey Unit. The traffic counts provided are from 2004 and 2010. These counts are for Annual Average Daily Traffic. Caution should be used to provide traffic information for specific periods, as traffic levels vary by day of the week and month of the year. Please contact the Traffic Survey Unit at (919) 212-4545 for assistance with interpreting these data.
